#### ADVICE FOR THE PARENTS

Prepare your child for ski school, so they can look forward to it!

Make sure the equipment is properly adapted and adjusted to your child's height and weight. Ask the professionals for advice.

Choose warm, waterproof equipment, gloves/mittens, goggles/sunglasses, sun cream, etc. Wearing a helmet is mandatory. Write your child's first name and surname on the equipment (skis, poles, helmet, gloves, etc.)

Prepare a good breakfast (lighter if your child gets motion sick), as skiing is tiring!

Your child should get on the bus with his or her ski boots on.

The child must be self-sufficient.

Be on time for the meeting point.

The bus leaves at 8.00 am.
